

Name _____

Date _____

Write the number of tens and ones.

For each case, complete the equation by writing the number of tens and ones.

$59 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$21 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$38 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$47 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$73 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$85 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$24 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$97 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$66 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$30 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$
