

Name _____

Date _____

Write the number of tens and ones.

For each case, complete the equation by writing the number of tens and ones.

$99 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$82 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$10 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$31 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$69 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$54 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$25 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$43 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$78 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$

$16 = \underline{\quad} \text{ Tens} + \underline{\quad} \text{ Ones}$
