

Fun With Math

Complete by finding the value of each symbol

$$\begin{array}{l} \text{Lime slice} \times \text{Watermelon slice} = 0 \\ \text{Lime slice} \times \text{Lime slice} = 64 \\ \text{Watermelon slice} \times 1 = ? \end{array}$$

$$\text{Lime slice} = \underline{\quad}$$

$$\text{Watermelon slice} = \underline{\quad}$$

$$\begin{array}{l} \text{Orange slice} \times 2 = \text{Whole orange} \\ \text{Orange slice} \times \text{Orange slice} = 25 \\ \text{Whole orange} \times \text{Whole orange} = ? \end{array}$$

$$\text{Orange slice} = \underline{\quad}$$

$$\text{Whole orange} = \underline{\quad}$$

Answer Key

Complete by finding the value of each symbol

 8	x	 0	=	0
 8	x	 8	=	64
 0	x	1	=	0

 = 8

 = 0

 5	x	2	=	 10
 5	x	 5	=	25
 10	x	 10	=	100

 = 5

 = 10
