

Fun With Math

Complete by finding the value of each symbol

x

4

=

32

x

4

=

x

=

?

= _____

= _____

x

3

=

x

8

=

72

x

=

?

= _____

= _____

Answer Key

Complete by finding the value of each symbol

$$\begin{array}{l} \text{Gas Station} \times 4 = 32 \\ \text{Bicycle} \times 4 = \text{Gas Station} \\ \text{Bicycle} \times \text{Gas Station} = 16 \end{array}$$

$$\text{Gas Station} = 8$$

$$\text{Bicycle} = 2$$

$$\begin{array}{l} \text{Taxi} \times 3 = \text{Hot Air Balloon} \\ \text{Hot Air Balloon} \times 8 = 72 \\ \text{Taxi} \times \text{Hot Air Balloon} = 27 \end{array}$$

$$\text{Hot Air Balloon} = 9$$

$$\text{Taxi} = 3$$
