

Fun With Math

Complete by finding the value of each symbol

$$\text{Train} \times \text{Shopping Cart} = 55$$

$$\text{Wine Glass} - \text{Train} = 5$$

$$13 \times \text{Wine Glass} = 130$$

$$\text{Wine Glass} \times \text{Shopping Cart} = ?$$

$$\text{Train} = \underline{\quad}$$

$$\text{Shopping Cart} = \underline{\quad}$$

$$\text{Wine Glass} = \underline{\quad}$$

$$\text{Truck} \times \text{Motorcycle} = 12$$

$$\text{Fuel Pump} \div 5 = \text{Truck}$$

$$\text{Motorcycle} - 1 = 3$$

$$\text{Truck} \times \text{Fuel Pump} = ?$$

$$\text{Truck} = \underline{\quad}$$

$$\text{Motorcycle} = \underline{\quad}$$

$$\text{Fuel Pump} = \underline{\quad}$$

Answer Key

Complete by finding the value of each symbol

$$\begin{array}{l} \text{Bus} \times 5 = 55 \\ \text{Wine Glass} - 10 = 5 \\ 13 \times \text{Wine Glass} = 130 \\ \text{Wine Glass} \times 10 = 110 \end{array}$$

$$\text{Bus} = 5$$

$$\text{Shopping Cart} = 11$$

$$\text{Wine Glass} = 10$$

$$\begin{array}{l} \text{Truck} \times 3 = 12 \\ \text{Tractor} \div 5 = 3 \\ \text{Tractor} - 1 = 4 \\ \text{Truck} \times 3 = 45 \end{array}$$

$$\text{Truck} = 3$$

$$\text{Tractor} = 4$$

$$\text{Fuel Pump} = 15$$
