

Fun With Math

Complete by finding the value of each symbol

+

=

5

=

-

+

1

+

1

=

x

=

?

x

=

80

99

-

=

88

= _____

= _____

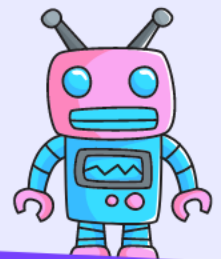

= _____

= _____

= _____

Answer Key

Complete by finding the value of each symbol

$$\overset{11}{\text{pushpin}} + \overset{11}{\text{pushpin}} = \overset{22}{\text{paperclip}}$$

$$5 = \overset{11}{\text{pushpin}} - \overset{6}{\text{timer}}$$

$$\overset{6}{\text{timer}} + 1 + 1 = \overset{8}{\text{headphones}}$$

$$\overset{10}{\text{goggles}} \times \overset{10}{\text{goggles}} = 100$$

$$\overset{8}{\text{headphones}} \times \overset{10}{\text{goggles}} = 80$$

$$99 - \overset{11}{\text{pushpin}} = 88$$

$\text{paperclip} = 22$

$\text{pushpin} = 11$

$\text{timer} = 6$

$\text{headphones} = 8$

$\text{goggles} = 10$
