# Answer Key

Complete by finding the value of each symbol

$$\begin{matrix} 9 \\ \text{Water Drop} \end{matrix} + \begin{matrix} 1 \\ \text{Fire Drop} \end{matrix} + \begin{matrix} 5 \\ \text{Mushroom} \end{matrix} = 15$$

$$\begin{matrix} 5 \\ \text{Sun} \end{matrix} = \begin{matrix} 5 \\ \text{Mushroom} \end{matrix} \quad \square \quad \square \quad \square$$

$$4 - \begin{matrix} 1 \\ \text{Fire Drop} \end{matrix} = 3 \quad \square \quad \square$$

$$\begin{matrix} 7 \\ \text{Plant} \end{matrix} \times 6 = 43 - \begin{matrix} 1 \\ \text{Fire Drop} \end{matrix}$$

$$\begin{matrix} 7 \\ \text{Plant} \end{matrix} - \begin{matrix} 5 \\ \text{Sun} \end{matrix} = \begin{matrix} 1 \\ \text{Fire Drop} \end{matrix} + \begin{matrix} 1 \\ \text{Fire Drop} \end{matrix}$$

$$\begin{matrix} 9 \\ \text{Water Drop} \end{matrix} \times \begin{matrix} 5 \\ \text{Mushroom} \end{matrix} = 45 \quad \square \quad \square$$

$$\begin{matrix} \text{Fire Drop} \\ \text{Fire Drop} \end{matrix} = \underline{1}$$

$$\begin{matrix} \text{Sun} \\ \text{Sun} \end{matrix} = \underline{5}$$

$$\begin{matrix} \text{Plant} \\ \text{Plant} \end{matrix} = \underline{7}$$

$$\begin{matrix} \text{Water Drop} \\ \text{Water Drop} \end{matrix} = \underline{9}$$

$$\begin{matrix} \text{Mushroom} \\ \text{Mushroom} \end{matrix} = \underline{5}$$
