

Fun With Math

Complete by finding the value of each symbol

$$\text{Castle} + \text{Castle} = \text{House} + \text{Store}$$

$$\text{House} \div \text{Bus} = 4$$

$$\text{Castle} - \text{Bus} = 5 + 5$$

$$\text{Bus} + \text{Store} = ?$$

$$21 \div \text{Bus} = 7$$

$\text{Castle} = \underline{\hspace{2cm}}$

$\text{House} = \underline{\hspace{2cm}}$

$\text{Bus} = \underline{\hspace{2cm}}$

$\text{Store} = \underline{\hspace{2cm}}$

Answer Key

Complete by finding the value of each symbol

$$\begin{array}{|c|c|c|c|c|c|} \hline \text{Castle} & + & \text{Castle} & = & \text{House} & + & \text{Bus} \\ \hline 13 & & 13 & & 12 & & 14 \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|c|} \hline \text{House} & \div & \text{Bus} & = & 4 & & \\ \hline 12 & & 3 & & & & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|c|} \hline \text{Castle} & - & \text{Bus} & = & 5 & + & 5 \\ \hline 13 & & 3 & & & & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|c|} \hline \text{Bus} & + & \text{Bus} & = & 17 & & \\ \hline 3 & & 14 & & & & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|c|} \hline 21 & \div & \text{Bus} & = & 7 & & \\ \hline & & 3 & & & & \\ \hline \end{array}$$

Castle = 13

House = 12

Bus = 3

Bus = 14
