

Fun With Math

Complete by finding the value of each symbol

$$\text{Crescent} + \text{Football} = \text{Crown} - 30$$

$$\text{Crown} - \text{Crescent} = 40$$

$$\text{Crescent} + \text{Crown} + \text{Football} = ?$$

$$\text{Trophy} \times 10 = 50$$

$$\text{Crown} = \text{Trophy} \times 12$$

$$\text{Football} = \underline{\hspace{2cm}}$$

$$\text{Crescent} = \underline{\hspace{2cm}}$$

$$\text{Crown} = \underline{\hspace{2cm}}$$

$$\text{Trophy} = \underline{\hspace{2cm}}$$

Answer Key

Complete by finding the value of each symbol

$$\overset{20}{\text{Football}} + \overset{10}{\text{Crown}} = \overset{60}{\text{Trophy}} - 30$$

$$\overset{60}{\text{Crown}} - \overset{20}{\text{Football}} = 40 \quad \square \quad \square$$

$$\overset{20}{\text{Football}} + \overset{60}{\text{Crown}} + \overset{10}{\text{Football}} = 90$$

$$\overset{5}{\text{Trophy}} \times 10 = 50 \quad \square \quad \square$$

$$\overset{60}{\text{Crown}} = \overset{5}{\text{Trophy}} \times 12 \quad \square \quad \square$$

$$\text{Football} = \underline{10}$$

$$\text{Football} = \underline{20}$$

$$\text{Crown} = \underline{60}$$

$$\text{Trophy} = \underline{5}$$
